## DO YOU WORK FROM HOME?

CASUAL CLOTHES ARE FINE.  
CASUAL INTERNET SPEEDS ARE NOT.

If you're one of the many people who work from home at least part of the time, you're probably realizing your home's low-speed internet plan doesn't adequately work for work. It takes forever to download large files, and you may be frustrated by your experience with video conferencing and other business applications.

### STEP UP TO HIGHER SPEEDS FOR HIGHER PRODUCTIVITY.

**Call 660-874-4111 for an internet upgrade.** It'll help you get serious work done, even if you're wearing pajamas.

Send email before noon on Tuesday, March 31st, 2020.

## SCAMS THAT TARGET THE ELDERLY

NEMR Telecom receives dozens of calls a year from our elderly customers who may have been scammed. It is not their fault. This population is largely trusting. Scammers also know some seniors have retirement funds, may be isolated, insecure, or have a cognitive brain condition like dementia. Some estimate that the elderly people lose about \$3 billion every year. This number is most likely underreported because the elderly can simply be embarrassed by getting scammed and never report it to authorities or to their families.

Below are popular internet scams to be aware of in 2020:

1. **Phishing**-fraudulent emails, texts, or copycat websites, to get your information
2. **Malware**-opening up or downloading an unknown file from an email
3. **Sweepstakes Winner**-loud pop-ups appear on your computer (don't click)
4. **Counterfeit Prescription Drugs**-Emails offering cheap prescriptions
5. **Fake Anti-Aging Products**-offered usually through an email
6. **Sweetheart Scams**-Meeting someone online and they talk you out of money
7. **Fake Credit Card Advances**-paying upfront for a fake cash advancement
8. **Employment Scams**-submitting an application to a fake employer
9. **Free Vacation Offers**-placing a down payment on a vacation that doesn't exist

NEMR Telecom cares about our seniors. If you have concerns about something you have received over the internet, feel free to give us a call.

## HOW TO BLOCK UNWANTED EMAILS

It is common to receive SPAM (junk emails) in your NEMR email account or other email accounts such as Gmail. If you have a NEMR email, here are the steps to stop emails coming from Spam accounts:

- Click on "e-scout." An e-scout email arrives in your inbox everyday.
- Scroll down to the green bar "Delivered Email."
- Find the email in the "From" section or under the "Subject" that you want to report as SPAM and click on it. This takes you to another page with options at the top left.
- Click on "Report SPAM."
- Click on the circles of all emails you want to report as SPAM. The choices are on the right side of the screen.
- Scroll to bottom and click on "CONFIRM SELECTED ITEMS."
