NEMR GIVES BACK CAPITAL CREDITS

New Directory Listings

MBR Equipment LLC	660-328-6300
Oberhotzer, Burnell	660-883-5533
Vestal, Devin & Jazmine	660-933-4961
Valentine, Fern	660-947-3020

Your cooperative, NEMR Telecom, will be distributing capital credits to each of our members on the basis of how much business they have done with the cooperative in the past.

The board voted to distribute 20% of 2020 and 100% of the remaining 1994 credits for a total of \$890,000. For your convenience, this year's credit will automatically be applied to your November bill!

To enter, send an email to **CONTESt**(*a*)**nemr.net**

between November 1st and December 16th, 2021. The email must include your name, phone number, and address to be entered in the random drawing. Only one entry per membership/account please. Three names will be drawn on Facebook around noon on Friday, December 17th!

DO I NEED TO UPGRADE MY INTERNET SPEED?

Chances are if you are asking this question, you probably need a faster internet speed. The best internet connection is one you never have to worry about. At NEMR, we want our internet customers on a speed that no one has to worry about. When we became an all-fiber network this year, we eliminated the 1.5 Mbps. A faster internet means better internet for our customers and fewer trouble calls for our techs. Everyone wins. We still have a few customers using what now is considered slow speeds like 3 and 6 Mbps. As technology advances, so does the internet. The quality of pictures and videos just from advertisements alone on Facebook can slow your internet down. The size of files sent in emails like pictures of family members, can take consid-

erable bandwidth. Streaming live TV like Youtube TV, watching movies on Netflix, or connecting with loved ones on Facetime require extremely fast speeds or the internet connection can be lost.

Dial-up is over. Copper is out. Fiber internet is here!

Feast on this: NEMR Telecom offers internet speeds to satisfy the appetites of even the most bandwidth-hungry families. And now's a great time to upgrade to a faster plan, so you'll be ready for the online activities related to Thanksgiving — researching recipes, ordering groceries, compiling playlists, reviewing Black Friday ads, planning your holiday shopping, and streaming football games and the Macy's Thanksgiving Day Parade.

Call 660-874-4111 now to order faster internet.

HAPPY THANKSGIVING AND THANKS FOR BEING A LOYAL CUSTOMER!

FREE PREVIEW November 23-29th on nemr Select Vu & Variety Tier

The US Mail delivery is not what it used to be. Save a stamp, time, and a possibly late fees by downloading our eBill Mobile app. Pay anytime from anywhere or setup automatic monthly payments.

FOUR SIGNS THAT IT'S A

1. Scammers PRETEND to be from an organization you know like the IRS, Medicare, a utility company or a charity. They

use technology to change the phone number that appears on your caller ID.

2. Scammers say there's a PROBLEM, a PRIZE, you are in trouble with the the government, someone in your family had an emergency, or that there's a virus on your computer. Some scammers say there's a problem with one of your accounts and that you need to verify some information. Others will lie and say you won money in a lottery or sweepstakes but have to pay a fee to get it.

3. Scammers PRESSURE you to act immediately before you have time to think. If you're on the phone, they might tell you not to hang up so you can't check out their story. They might threaten to arrest you, sue you, take away your driver's or business license, or deport you. They might say your computer is about to be corrupted.

4. Scammers tell you to PAY in a specific way. They often insist that you pay by sending money through a money transfer company or by putting money on a gift card and then giving them the number on the back.

They may send you a fake check, tell you to deposit it, and then send them the money.

nemr **TV TROUBLE SHOOTING**

Do you fall asleep watching TV then find yourself accidently

pushing the wrong button on your remote control? You aren't the only one! Before getting frustrated, simply push the STB button located to the right of the power button on your NEMR remote. This allows the settop box that controls your TV to talk to

the TV again. Most of the time, this corrects your TV trouble issues. If it doesn't, make sure you are on the correct input by pushing the TV button (top left) and then the INPUT (bottom left). Call NEMR if you need assistance.
