The BUZZ

August, 2022
Volume 25/Issue 8

As your growing child gets ready for a new school year, think beyond shopping for a bigger backpack or a bigger pair of shoes. You may also need to upgrade to bigger speeds for your home's internet connection—to better handle the bigger demands of more online homework (not to mention more streaming when the homework's done).

NEMR offers A+ internet plans with speeds up to 1 Gig, and they all include responsive customer service and support by our local team.
