TV SUN OUTAGES

A sun outage is an interruption in satellite signals caused by interference from solar radiation. The interference is caused when the sun is in direct line with a communication satellite and the sun's radiation overwhelms the satellite signal.

How long do they last?

Interruption in TV service due to sun outages can last up to several minutes a day.

How do they affect watching TV?

During this time, you may experience interference with picture quality and sound when watching television. Sun outages do not affect internet or phone service. When in doubt, please give NEMR a call at 660-874-4111.

CONGRATULATIONS!

NEMR's Back-to-School Give-away winners are *Edgar Webber of Unionville* and *Thomas Deboeuf of Green City*. They upgraded their internet to a faster speed in the month of August and their names were put in a random drawing. Mr. Webber won an Apple iPad, and Mr. Deboeuf won a Dell laptop computer!

HAUNTED BY WI-FI TROUBLES? WE CAN MAKE DEAD ZONES GO AWAY

Dead zones—those rooms in your home with little or no Wi-Fi coverage—can leave you feeling like you're being haunted by technology hassles. You may even wonder if your old router is about to give up the ghost all together.

Call for details about Whole Home Wi-Fi and more peaceful days.

BUZZ HAS A TIP

October is Cyber Security Awareness Month, so here are some tips for staying safe online:

- Make sure websites start with https. If the "s" is missing, steer clear.
- Guard personal information: Never give out full name, social security number, date of birth, address, or phone number online or to a stranger.
- Never open an email link if you are not 100% sure you know who it is from. When in doubt, call the person you think it is from and verify.

HAPPY ANNIVERSARY TO NEMR

NEMR is celebrating our 70th Anniversary since we first became your Co-Op. All month we draw names from our list of members for various cash prizes. Watch the drawings on Facebook on Fridays in October.

How long have you been a member of the Co-Op?

We are in search of our longest active member!

If you or someone you know, has had NEMR services for nearly 70 years, please let us know! Give us a call at 660-874-4111. Thanks to all of you, our members, NEMR is still keeping you connected!

NEMR began implementing 10-Digit Dialing in October of 2021. Calling from a landline phone requires using the area code, even if the call is not long distance. In July of 2022, 988 became the official National Suicide and Crisis Lifeline number.

If you, or someone you know, is having thoughts of suicide or experiencing a mental health or substance use crisis, 988 provides 24/7 connection to confidential support.

THERE IS HOPE. JUST CALL OR TEXT 988.

SUICIDE
& CRISIS
LIFELINE**

October is National CO-OP Month.

Cooperatives like NEMR have been celebrating National Co-Op Month every October for more than half a century. NEMR became a cooperative in 1952 to provide reliable telephone service to rural Northeast Missouri. Over the years, we have evolved to provide fiber internet and video services.

NEMR is owned by you, the people we serve, and to thank you, we are giving away five \$20 bill credits this month. You don't have to do anything! All members will be entered, and NEMR will draw five random names live on our Facebook page throughout October. Those who win will get a \$20 credit on their November bill. So, if you haven't "Liked" NEMR on Facebook, please do. Follow us all month as we celebrate being your cooperative!
