

# About NEMR

NEMR began as a cooperative in 1952. Over the years, we have evolved as THE BROADBAND PROVIDER in Northeast Missouri. NEMR deploys fiber optic technology to the premise. We are keeping our customers connected to the world with fast, secure, and reliable fiber internet.

[www.nemr.net](http://www.nemr.net)

# Business and Residential

NEMR is NOT in the business to charge more for the same great service just because you have a tax id. Business and residential rates are the same. As a matter of fact, many employers today, and their employees, work from home.

## Get In Touch

NEMR gives back to the communities we serve.

**GIG-CERTIFIED PROVIDER**

## Compare your current internet with fiber internet from NEMR

### SPEED AND BANDWIDTH:

- Fiber is super fast, both for downloading and uploading, even when lots of people are online using several devices at one time.
- Cable, Fixed Wireless, Satellite all slow down during peak hours.

### LATENCY:

- No delays. Great for gaming, video calls, streaming, browsing, or anything you do online.
- You are sharing your internet with your neighbors. What others are doing online affects latency.

### SECURITY:

- Fiber is very safe.
- Others are easily tapped into.

### RELIABILITY:

- Fiber internet stays strong, no matter the weather or distance.
- Weather, trees, buildings can make service unreliable.

### FUTURE-PROOFING:

- Fiber is ready to handle the IoT (Internet of Things).
- Cable and others would need costly upgrades and more advanced technology to keep up.

### NEMR FIBER:

- Our prices are competitive.
- Our fiber is to the premise. No sharing.
- All our plans are unlimited. No throttling down or making you buy storage plans.
- Our speeds are symmetrical. Same download as upload for a seamless connection.
- NEMR is local. Same-day trouble shooting. Talk to a “real person” when you call.
- Control your own Wi-Fi with the NEMR Smart Home App.
- Trusted, dependable, and knowledgeable since 1952.
- NEMR gives back to the communities we serve. Monetary donations, free Wi-Fi, serving and participating in parades, fairs, festivals, and other community events.

**CONCLUSION:** NEMR fiber internet is the best choice for your home or business needs. We are the only local fiber provider in N. E. Missouri. Shop local. Shop NEMR. Lets keep our money in N. E. Missouri!
