

E-BUZZ MONTHLY
OCTOBER 2023 EDITION

GIG-CERTIFIED PROVIDER

The Growing List of Smart Rural Communities

NEMR is proud to add three more communities to our growing list of Smart Rural Communities. We recognized Milan, Lemons, and Queen City with an SRC sign and plaque. NEMR is a Smart Rural Community provider, and we are honored to be able to provide these communities with local, affordable, and reliable internet service. To learn more visit: nemr.net/smartruralcommunity

October is National Co-Op Month

Serving YOU is what we do! NEMR is proud to support our communities, schools, and more. When you choose NEMR, you choose more than just an internet company; you choose great customer service, outstanding community involvement, and local people dedicated to serving you.

October is National Co-Op Month, and we are celebrating! NEMR is giving away five \$20 bill credits! We will host a random drawing, and all our members will be entered in a chance to win. This credit will be applied to the December bill and is one of the many ways that NEMR is saying thank you to our members this month.

Every business answers to shareholders. But with a cooperative, the shareholder is *you*.

Do You Know What Internet Speed You *Actually*
Need?

*This is your sign... that it really is time to stop using
your initials and birthday as your password.*

National Cybersecurity Awareness Month

October is National Cybersecurity Awareness Month! Your neighbors at NEMR do more than deliver fast and reliable fiber internet to your home. Every day, our technicians and security specialists work tirelessly to provide your high-speed internet service, as safely and securely as possible. Our best efforts are only most effective when you take the necessary precautions to ensure your online security and protect your privacy. We believe Cybersecurity Awareness Month is an opportune time to share some of our top tips for keeping your home network and devices secure. We've compiled some of the best cybersecurity measures from experts worldwide to help you stay safer online.

1. **Create and Use Strong Passwords**
2. **Utilize A Password Manager**
3. **Keep Your Software Updated**
4. **Beware of Phishing Scams**

Implementing these tips will help keep you, your family, and your devices, data, and programs more secure. Always use your common sense—if something does not seem or feel right, do not click or engage. When you use these insights, you can stay safe and productive on NEMR's fast, reliable, secure fiber network.

Fall Fitness for You

Fall means darker days and cooler weather, but that doesn't mean your fitness routine has to slow down. **Try these fall workout tips** and activities to shake up your routine and keep yourself moving.
