

# About NEMR

NEMR began as a cooperative in 1952. Over the years, we have evolved as THE BROADBAND PROVIDER in Northeast Missouri. NEMR deploys fiber optic technology to the premise. We are keeping our customers connected to the world with fast, secure, and reliable fiber internet.

# Home and Business

NEMR is NOT in the business to charge more for the same great service just because you have a tax id. Home and Business rates are the same. As a matter of fact, many employers today, and their employees, work from home.

# Fiber Facts

## Why Fiber is the best choice for internet

### SPEED AND BANDWIDTH:

- Fiber is super fast, both for downloading and uploading, even when lots of people are online.

### LATENCY:

- No delays. Great for gaming, video calls, streaming, browsing, or anything you do online.

### SECURITY:

- Fiber is very safe.

### RELIABILITY:

- Fiber internet stays strong, no matter the weather or distance.

### FUTURE-PROOFING:

- Fiber is ready for more data and new technology.

### SCALABILITY:

- Fiber is easy to grow for big data needs.

### ENVIRONMENTAL IMPACT:

- Fiber: Good for the Earth, uses less energy.

**CONCLUSION:** *Fiber internet is the best choice for your home or business needs. NEMR sweetens the deal because we are the only local fiber provider in N.E. Missouri. We hope you choose us for all of your telecommunication needs.*
