

# OPENING DOORS TO COLLEGE AND CAREERS WITH ESPORTS

NEMR is partnering with Fiber Gaming Network and the FGN Collegiate Network to connect local students to college and career opportunities for gamers.

## IT PAYS TO PLAY

- Over 500+ colleges and universities across the country currently offer esports scholarships
- Esports scholarships offer \$2,000 to \$5,000 USD in additional aid on average
- Up to full tuition and free housing scholarships also available

**Beyond the Game: Many schools offer esports scholarships for tangential interests, such as digital event production, videography, graphic design, and more.**

## PLAYING OUR PART

- Free accounts for teachers and students
- Simple resources to help schools start or support esports clubs
- Supplemental practice, scrimmages, and training sessions with pro/college coaches
- Exposure to scholarship opportunities and recruiters through the FGN Collegiate Network

**Through our partnership with FGN, we're supporting esports at participating high schools in our community.**

## CAREER OPPORTUNITIES FOR GAMERS

It's not all fun and games! Esports can lead to fantastic career opportunities, too. Below are just some of the careers open to gamers and the skills required for success.
